Nashville, Tennessee

RE: Petition of BellSouth for Expedited Review of Growth Code Denial by the  
Number Pooling Administrator Relating to AIM Healthcare, Inc.  
Docket 05-00126

Dear Chairman Miller:

This is in response to questions raised by the Authority Staff during their review of this  
Petition.

Exhibit B, included in BellSouth's Petition, contains data submitted to the Number  
Pooling Administrator in support of BellSouth's initial request for additional number  
resources. Specifically, Page 2 of this Exhibit contains an area for all codes and blocks in  
the Franklin Rate Center. The numbers in parentheses indicate the billing day of the  
month for customers who are assigned telephone numbers in a given number block,  
and this information has no bearing on BellSouth's request for additional number  
resources. However, information in this area is incomplete and should also include the  
following codes and blocks for this rate center:

(615) 472 4-5	(615) 790	(615) 591	
(615) 791	(615) 595	(615) 794	(615) 599

The data at the bottom of this page (Items A, B, C and D) is complete and does reflect all  
existing number resources for the entire rate center.

Hon. Pat Miller  
June 8, 2005  
Page 2

We have also attached a revised Exhibit H which has been corrected to remove three number blocks incorrectly listed for this wire center.

We apologize for any confusion resulting from our initial filing, and we trust this additional information will address the Staff's questions. Please contact me at 214-3839 if there are additional questions.

Very truly yours,

A handwritten signature in black ink that reads "Paul Stinson". The signature is written in a cursive style with a horizontal line through the middle of the name.
